

EXPO PETRO GAS

12 - 15 MAY 2026

TECHNOLOGICAL SOLUTIONS FOR OIL & GAS INDUSTRY PERFORMANCE

ROMEXPO

EXPO PETRO GAS

A DEDICATED PLATFORM FOR THE OIL AND NATURAL GAS INDUSTRY

EXPO PETRO GAS is an event dedicated to professionals in the oil and natural gas industry, bringing together sector operators, equipment and technology suppliers, engineering companies and public-sector representatives in a B2B and B2G format focused on industrial collaboration and knowledge exchange.

Organised as a complementary sector within METAL SHOW & TIB, the event leverages the synergy between industrial technologies, manufacturing equipment and oil & gas-specific applications, providing direct access to a highly relevant industrial ecosystem.

WHY EXHIBIT AT *EXPO PETRO GAS*

Participating in EXPO PETRO GAS offers companies the opportunity to:

- increase brand visibility among industry professionals;
- showcase technologies, equipment and industrial solutions relevant to the sector;
- engage directly with operators, contractors and suppliers across the oil & gas value chain;
- develop strategic partnerships and industrial collaborations;
- identify new project and investment opportunities in energy infrastructure.

Exhibitors can promote technologies and services covering the oil & gas industry's full operational value chain:

UPSTREAM

- Exploration and drilling technologies
- Hydrocarbon extraction and production equipment

MIDSTREAM

- Solutions for oil and gas transportation and storage
- Industrial pipelines, valves and pumping systems
- Transport and distribution infrastructure

DOWNSTREAM

- Refining and processing technologies
- Applications and equipment for the petrochemical industry

TEHNOLOGII INDUSTRIALE SUPORT

- Industrial automation and process control (SCADA, DCS)
- Industrial instrumentation
- Solutions for industrial maintenance and infrastructure integrity
- Operational safety systems and ATEX protection
- Engineering services, consultancy and project management

AREAS AND SOLUTIONS SHOWCASED

EXPO PETRO GAS IS ADDRESSED TO A SPECIALISED AUDIENCE, INCLUDING:

- Oil & gas industry operators
- Oilfield services companies
- Industrial equipment suppliers
- Engineering and EPC companies
- Industrial system integrators
- Technical equipment distributors
- Industrial operations and maintenance specialists
- Representatives of public authorities and institutions
- Companies involved in energy infrastructure development

**VISITOR
PROFILE**

EXPO PETRO GAS *AND METAL SHOW & TIB*

Advanced metallurgical solutions for oil & gas infrastructure and the energy transition

EXPO PETRO GAS is organised within the industrial ecosystem created by METAL SHOW & TIB, one of Romania's most important industrial trade fairs. This connection provides access to:

- industrial technology manufacturers;
- production equipment suppliers;
- companies from the metalworking industry;
- industrial manufacturing and maintenance solutions.

As a result, EXPO PETRO GAS becomes a meeting point between the energy industry and the technology industry.

2025 *KEY STATISTICS*

190 +

Exhibiting companies.

20

Participating countries

13.100 sqm

Exhibition area

49,6%

Decision-maker
visitors

A photograph of an industrial facility, likely a refinery or petrochemical plant, silhouetted against a bright orange sunset sky. The sun is low on the horizon, creating a strong glow. In the foreground, there are dark silhouettes of industrial structures, including a large vertical tower and various pipes and walkways. At the bottom of the image, there are logos for 'CMA CGM' on the left and 'SEACO' on the right.

OPPORTUNITIES *FOR COMPANIES*

**BY PARTICIPATING IN EXPO PETRO GAS,
COMPANIES CAN:**

- present their product and service portfolio
- launch industrial technologies and solutions
- meet clients and strategic partners
- identify new projects and collaborations

STRATEGIC *PARTNERSHIP*

BETWEEN ROMEXPO AND THE PETROLEUM CLUB ASSOCIATION

Petroleum Club is one of Romania's most relevant professional communities for the oil and gas industry, bringing together leaders, experts and companies across the entire value chain. The partnership with Petroleum Club is important for Expo Petro Gas as it facilitates access to decision-makers and an active network of specialists, strengthens the B2B networking component, and creates the right setting for targeted meetings, qualified leads and tangible collaborations within the sector.

IT'S TIME TO ENGAGE DIRECTLY WITH THE KEY PLAYERS IN THE OIL & GAS INDUSTRY.

GET IN TOUCH — WE'LL PROVIDE THE SOLUTIONS AND SUPPORT YOU NEED FOR A PARTICIPATION WITH REAL COMMERCIAL IMPACT.
